## NEW E-TOGGLE &amp; DRIVING MODES

You can choose between Normal, Eco and Power modes in this electric family car. Each mode modifies the vehicle's driving response, enhancing and optimizing your vehicle performance: Power mode improves the peak power of the vehicle. Eco improves its fuel economy and Normal mode is recommended for driving in regular traffic.

## CHARGING

The new Fiat E-Doblò family mover has a 50 kWh Battery and 100kW engine power, top in the segment, capable of ensuring an autonomy up to 285km in WLTP range and a top speed of 130 km/h with zero CO2 emissions. Its powerful Quick Charge system will allow you to have 80% of the battery charged in just 30min.

## ELECTRIC AND EFFICIENT

The new Fiat E-Doblò in the world of e-mobility with an electric motor capable of guaranteeing an efficient, smoother and responsive autonomous driving up to 285km\* and a maximum speed of 130 km/h, zero CO2 emissions and fast charging up to 100 kW DC. Every detail of the vehicle, from the engine to its features, has been designed for the best performance that this electric car can provide to your daily life.

Fuel consumption and CO2 figures are determined on the basis of the WLTP test procedure as per Regulation (EU) 2017/1347. Only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Additional equipment and or options may affect fuel consumption and the CO2 emissions produced. For further information, please visit Fiat.ie or contact your preferred Fiat dealer.

The colours and photographs illustrated can be affected by many factors including technical settings and the printing process and are therefore for guidance only and may differ from a real life environment.

IMPORTANT NOTICE: Fiat Ireland endeavours to keep all pricing and specification up to date however final orders and products offered for sale may differ from those described or indicated in this document due to subsequent changes in specifications and / or component & supply constraints. The contents and descriptions are therefore to be treated as representations as to the current availability of products as described, or as to products actually offered for sale. Fiat Ireland, a trading name of Gowan Motor Distribution Ltd. reserve the right to make changes at any time, without notice, to prices, colours, materials, equipment, specification and versions and also to discontinue models. All details correct at time of going to print. Please consult your preferred Fiat Dealer for the most up to date information. This price / specification list is not a contractual document or offer of sale.

BEV model is an electric (only) vehicle, as such, at the time of publication (July 2023) it qualifies for a VRT rebate and SEAI grant.

Price excludes dealer delivery and related charges.

Please consult your preferred Fiat Dealer for further information.
