CAPACITY

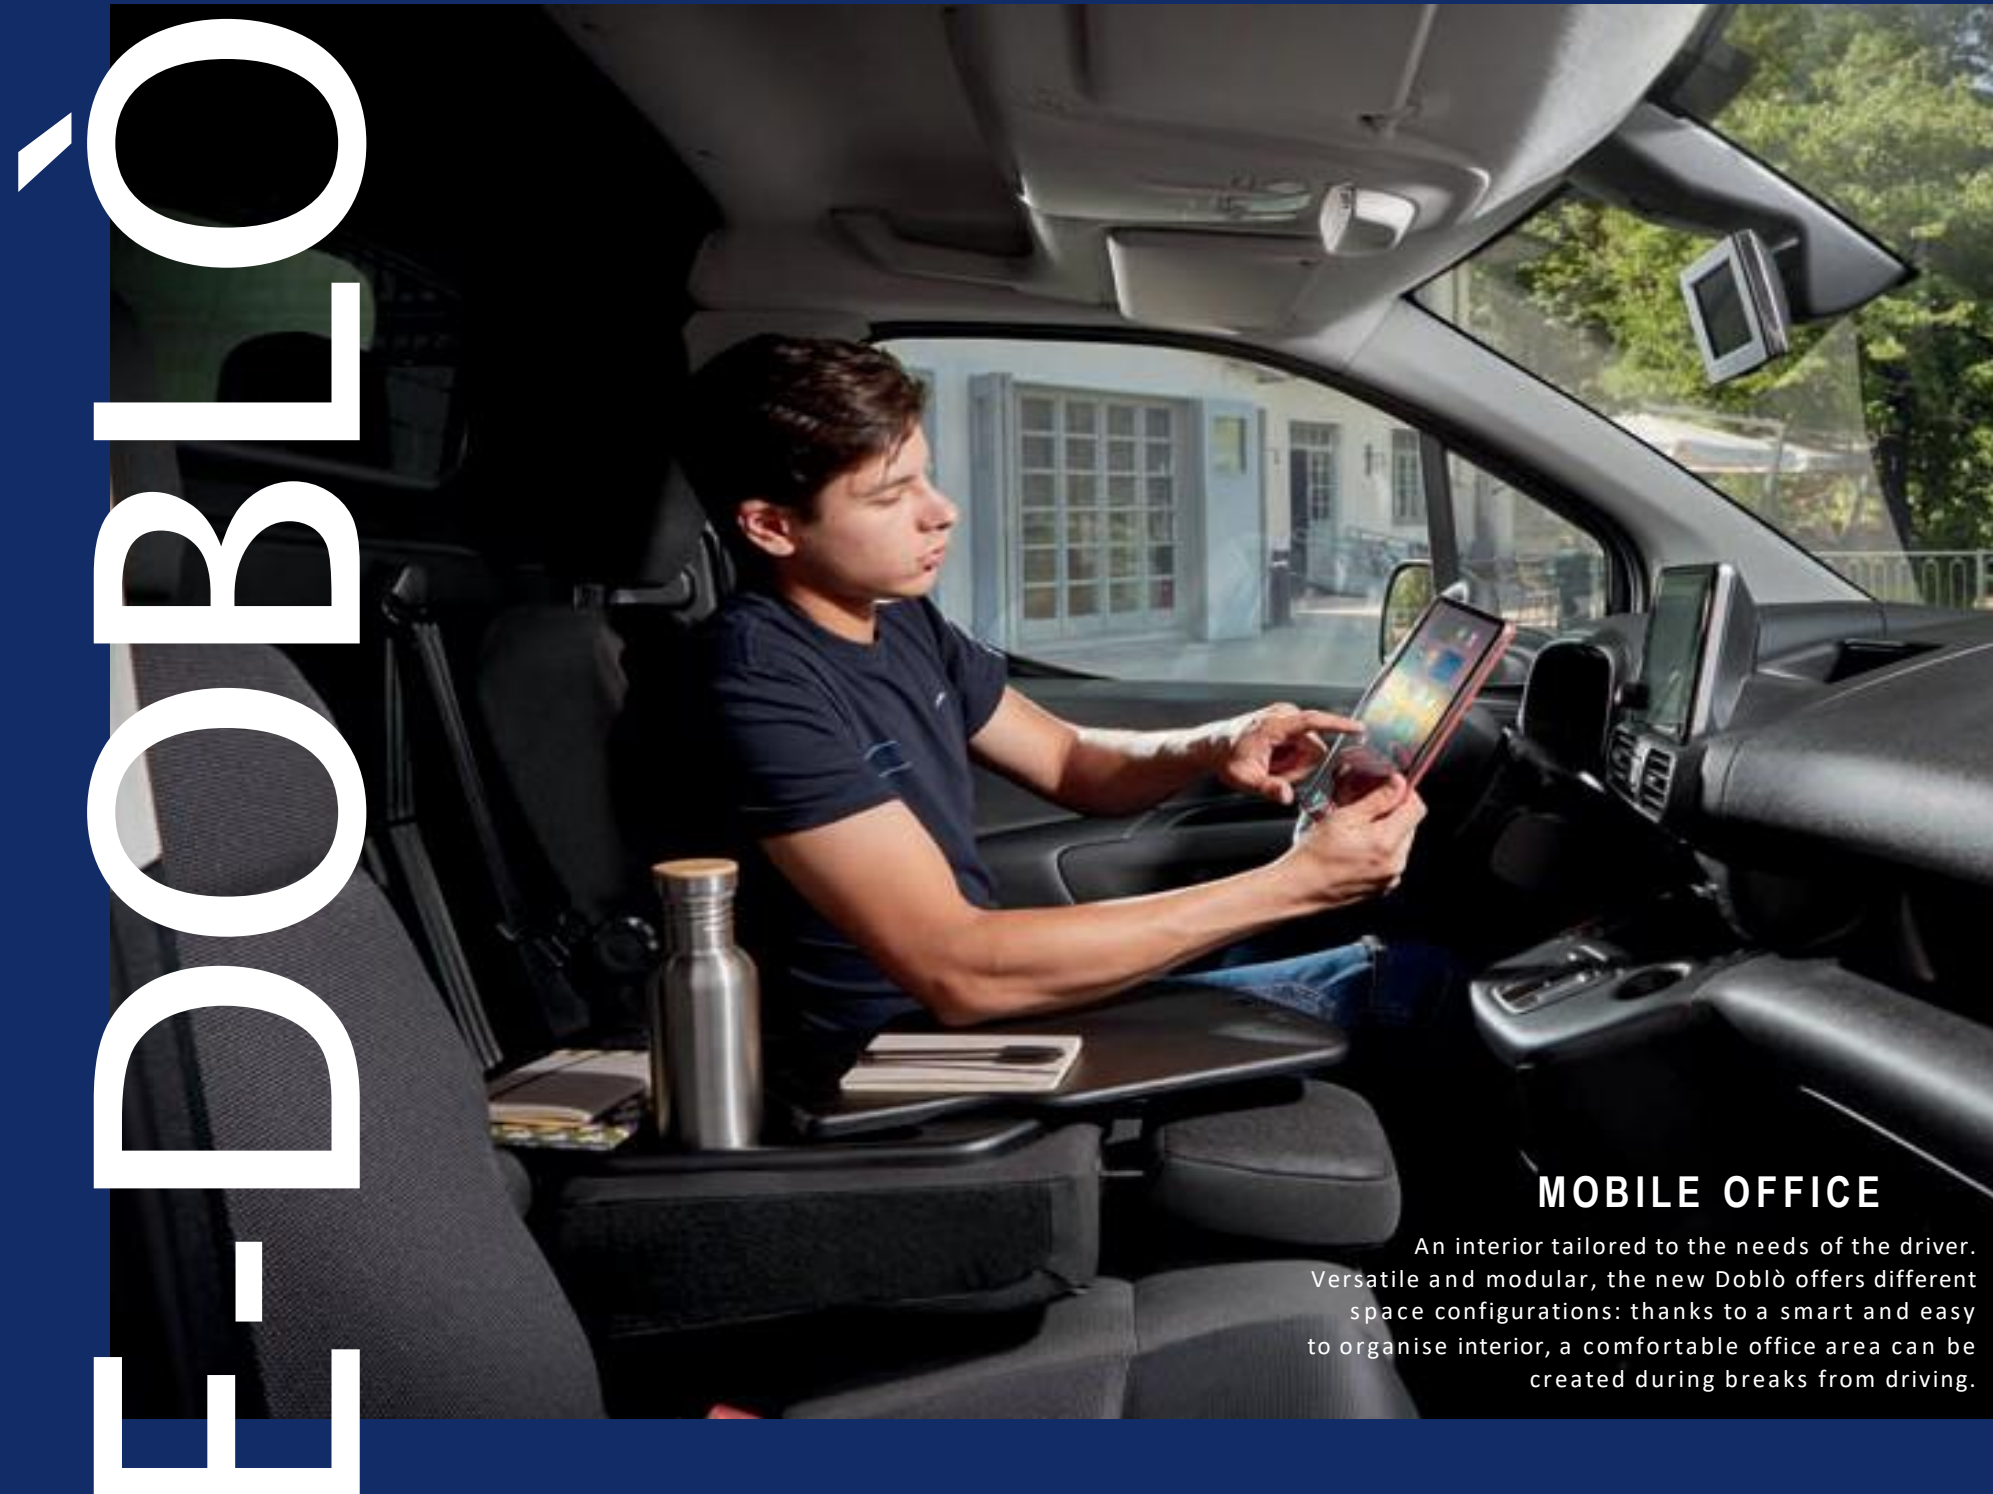

CARGO LENGTH

With a payload up to 800 kg and a cargo volume up to 4.4 m³ the new E-Doblò is the ideal vehicle to suit all loads.

MAGIC CARGO

Need more load length? The Magic Cargo feature increases the versatility of the vehicle's interior, allowing an increase in length and working volume: greater cargo capacity, increased by 0.5 m³ and a working length up to 3.44 meters. Not available in 2 seater option.

FIAT PROFESSIONAL NEW E-DOBLÒ

MORE VERSATILITY, MORE POSSIBILITIES.

MOBILE OFFICE

An interior tailored to the needs of the driver. Versatile and modular, the new Doblò offers different space configurations: thanks to a smart and easy to organise interior, a comfortable office area can be created during breaks from driving.

Thanks to the flexible three seat bench, you can configure the cabin in many different ways. For example providing a greater volume of cargo in the passenger compartment, more stability for bulky and fragile packages, while still maintaining two seats.

YOUR JOB IS IN GOOD HANDS.

8" TOUCHSCREEN COLOUR DISPLAY

8" touch radio with mirror screen, navigation and USB.

APPLE CARPLAY

Broadcast everything you need directly from your iPhone to the radio display.

ANDROID AUTO™

Access your content or use Google Maps and Google Play Music easily.

The Magic Mirror is an innovative feature that displays the images captured by 2 cameras on the 5" digital rearview mirror, providing 3 different views to perform any manoeuvre safely.

There is also a full range of active and passive ADAS (Advance Driving Assistance Systems) to support you on your journey, whilst driving and parking. Optional – POA.

Fuel consumption and CO2 figures are determined on the basis of the WLTP test procedure as per Regulation (EU) 2017/1347. Only compare fuel consumption and CO2 figures with other cars tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted (post-registration), variations in weather, driving styles and vehicle load. Additional equipment and or options may affect fuel consumption and the CO2 emissions produced. For further information, please visit [Fiat Professional.ie](https://www.fiatprofessional.ie) or contact your preferred Fiat Professional dealer.
